

We have participated in **Box Tops for Education** since 2002. We collect Box Tops in the office. Each box top is worth \$.10 for us and they add up quickly.

Many schools have bought supplies, furnished computer labs, gotten Smart Boards for classrooms and even earned enough for new playground equipment. All you have to do is look for the Box Top logo on your favorite foods and cut them out and send them in. It's quick and easy.
